5. My colleagues around the Wisconsin Partners table can best support my work with this organization by:

help us promote the work of community action, especially through our comprehensive anti-poverty legislation [Wisconsin Opportunity Act]; participate in the 2019 Poverty Matters! Conference; help us identify donor support for field organizing.

We, the undersigned, accept mutual responsibility for setting goals, sharing information on a timely basis, regular updates on goals progress, requesting any needed technical assistance and training to meet these goals and other support needed to advance the plan for my organization. In the event I am not able to participate in scheduled meetings, I will recruit an alternative representative for my organization.
